Admission Guidelines

Bachelor of Applied Science (BAS) Programs

Centralia College • 600 Centralia College Blvd • Centralia WA 98531 • 360-736-9391

For questions, contact bachelors@centralia.edu or 360-623-8927.

BAS Priority Application Dates for Fall 2017: Feb. 1 - March 15, 2017

Apply now for priority consideration.

Admission into our BAS programs is competitive and merit-based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available spaces.

BAS Program Requirements

- **BAS-Applied Management (BAS-AM) applicants:** An earned associate's or higher degree from a regionally accredited college or university with a minimum cumulative GPA of 2.5.

The following courses must be completed prior to earning the bachelor's degree. The courses can be included in the two-year degree or during the bachelor's program (in addition to the required courses). Successful completion of each of these required courses with a minimum 2.0 grade:

- English 101 – English Composition (5 credits)
- College-level math course for which intermediate algebra is a prerequisite (5 credits)
- Social science course (5 credits)
- Natural science course (5 credits)
- Communications, quantitative skills, humanities, social science, or natural science (5 credits total)

Additional consideration will be given to applicants in the admissions pool who have successfully completed (2.0 grade minimum) these recommended courses:

- English 102 – Composition II (5 credits)
- Speech 110 – Principles of Speech Communication (5 credits) or Speech 220 – Theory and Practice of Public Speaking (5 credits) or CMST& 220 Public Speaking
- ACCT& 201, 202 – Principles of Accounting I & II (prerequisites for ACCT 301, 302, 401, 402, 403)

- **BAS-Information Technology: Application Development (BAS-IT:AD) applicants:**

- Proof of an earned associate's or higher degree from a regionally accredited college or university with a minimum cumulative GPA of 2.5.
- Proof of completing 10, or more, lower division credits in programming languages with a minimum 2.0 grade in each course.

The following courses must be completed prior to earning the bachelor's degree. The courses can be included in the two-year degree or during the bachelor's program (in addition to the required courses). Successful completion of each of these required courses with a minimum 2.0 grade:

- ENGL& 101 – English Composition (5 credits)
- Social Science (5 Credits)
- CMST& 220 – Public Speaking (5 credits)
- Natural Science w/lab (5 Credits)
- MATH& 141 – Pre-Calculus I (5 credits)
or
- MATH 118 Linear Algebra
or
- Discrete Structures (MATH)
- Five additional credits in general education requirements

• **BAS-Teacher Education (BAS-TE) applicants:** Eligible students must have an associate's degree and transcripts approved by BAS administration from a regionally accredited college or university with a minimum cumulative GPA of 2.5

- Additional Required Documents:
 - OSPI Background Check
 - Passing scores from the WEST B Test
- Pre-requisite classes (2.0 minimum grade required)
 - English Composition I
 - A college level math (5 credits)
 - Three EDUC or ECED courses

The following courses must be completed prior to earning the bachelor's degree. The courses can be included in the two-year degree or during the bachelor's program (in addition to the required courses):

- English Composition II
- A college level math (5 credits)
- 15 credits of Social Sciences
- 15 credits of Humanities
- 15 credits of Natural Science (must include one lab course)

Additional consideration will be given to applicants in the admissions pool who have successfully completed (2.0 grade minimum) these recommended courses:

- MATH& 131, MATH& 132
- PSYC& 100
- US History or Western Civilization (5 credits)
- CMST& 220 – Public Speaking
- A Biology Science
- EDUC& 115 or PSYC& 200
- EDUC& 201 and 202
- EDUC& 130

• **BAS-Diesel Technology (BAS-DT) applicants:** An earned associate's degree in diesel technology, diesel mechanics, OR equivalent degree and transcripts approved by BAS administration from a regionally accredited college or university with a minimum cumulative GPA of 2.5.

The following courses must be completed prior to earning the bachelor's degree. The courses can be included in the two-year degree or during the bachelor's program (in addition to the required courses). Successful completion of each of these required courses with a minimum 2.0 grade:

- ENGL& 101 – English Composition (5 credits)
- Any college level MATH requiring MATH 099 as a prerequisite

Acceptance decisions are based on the strength of the overall application. Incomplete applications will not be processed. All materials, must be submitted together via email, mail, or delivered in person.

Application Checklist

Bachelor of Applied Science (BAS) Programs

Centralia College • 600 Centralia College Blvd • Centralia WA 98531 • 360-736-9391
For questions, contact bachelors@centralia.edu or 360-623-8927.

Please use this checklist to assemble your application packet:

- Complete and return the following documents via email, mail, or in person.
- An in-person interview may be scheduled to discuss application materials.

Completion of the free CC online admission application

All applicants must complete the online Centralia College application, even if currently a student at Centralia College. Without an updated application, which states your planned start date of Fall 2017, and your program of interest as BAS, your application will not be processed.

Placement Test

If you have not already completed a college level math and English course

BAS Application form: Pages 4-5 of application packet

\$35 non-refundable application fee:

Check made payable to Centralia College (include name and student ID) OR in person at the Cashier's Office.

Official transcripts from all previous colleges attended:

If degree or credits were earned at Centralia College, you do not need to request a CC transcript.

Optional – Application Development Portfolio for BAS-IT:AD applicants

A prospective student's collection of software applications, software-based services, browser based applications, web front-ends and/or data base back-ends. The goals of a portfolio is to show the student's level in expertise in developing these solutions. Portfolios typically include screen-shots, samples and/or possibly source code that demonstrates knowledge, skills and abilities around application development.
