EDUCATIONAL PLAN

Bachelor of Applied Science in Teacher Education Elementary Education

Admission into the BAS-TE program is merit based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available enrollment spaces. In order to be placed into the admissions pool, applicants must complete and submit the following:

- All BAS application materials
- Evidence of an earned associate's degree or junior level status and transcripts approved by BAS administration from a regionally accredited college or university with a minimum cumulative GPA of 2.5.
- Pre-requisite courses include (no financial aid):
 - ENGL& 101
 - A college level math (5 credits – recommend MATH& 131)
 - Three EDUC or ECED courses

The following courses must be completed prior to bachelor degree obtainment. The courses can be included in the two year degree or be completed during the bachelor's program. Students who have completed the requirements at the time of application will receive preferred entrance consideration. Some courses may not be eligible for Financial Aid in which case a student apply for a scholarship or make a payment plan.

- Successful completion of each of these required courses with a minimum 2.0 grade:

ENGL& 102 – English Composition II (5 credits)(No FA)	10 credits of Humanities (No FA)
10 Credits of Social Science (No FA)	10 credits of Natural Science (No FA)

DEGREE: Bachelor of Applied Science in Teacher Education

Learning Themes: General education outcomes at Centralia College help students, faculty, and the general public identify learning expected when a student has completed a degree or program. The administration, faculty, and staff have agreed upon the following five Learning Themes which students can expect to encounter in their courses by the completion of any degree.

Reasoning: The ability to extract information from data, develop ideas and solutions, establish logical progression in thinking, and problem solve using such procedures as literary analysis or the scientific methods.

Written, Oral and Visual Communication: The ability to make oneself understood in public, interpersonal, professional, artistic, and technical arenas.

Exploration-Self and Others: An awareness of the values, beliefs, customs, and contributions of persons from one's own and other traditions, ethnicities, classes, and genders.

Resourcefulness: The ability to adapt to change, such as technological innovations or environmental conditions.

Responsibility: The ability to be accountable to self, society, and the natural world.

Purpose: The Bachelor of Applied Science Teacher Education (BAS-TE) program is designed to graduate individuals who are well-grounded in education and training and are prepared to obtain initial teaching certification (K-8) in the state of Washington with a primary endorsements in special education and elementary education.

Program Outcomes - Students who successfully this program will have demonstrated the ability to:

- Communicate and collaborate effectively with children, parents/guardians, peers, administrators and the community
- Ensure cultural competence in teaching through adapting learner centered curricula that engage students in a variety of culturally responsive strategies.
- Recognize individual difference and learning styles and modify curricula and to meet the learners needs
- Design, facilitate, and evaluate age and developmental appropriate learning exercises for students in K-8 and special education.
- Develop standards-driven curricula and monitor student progress towards targets.
- Utilize the use of formal and informal assessment strategies to strengthen instruction and promote learning.
- Competently design and execute lessons rich in literacy, science, math, social studies and the arts.
- Generate strategies from multiple instructional approaches and differentiated instruction for all students.
- Foster positive, inclusive, learning settings in cognitive, behavior, language, physical and social domains to create a safe and productive learning environment.
- Integrate and model the use of technology in the classroom
- Utilize feedback and reflection to constantly improve teaching practices.
